COUNCIL MEETING.

The regular meeting of the City Council convened Friday night with the Mayor and Councilmen present. The regular routine for business was dispensed with.

The Marshal's report showed \$49 00 collected on tax. The police Judge's report showed \$55 00 collected on fines.

The Treasurer's report showed over \$800 00 in the Treasury.

A concrete walk six feet wide was ordered put down the full length of the school house lot. The plank walks in all parts of town were ordered put in good condition or torn up.

Good Roads Organization.

The people of Kentucky are waking up to the fact that bad roads are largely responsible for the lack of progress and that good roads spell advancement in larger letters than in any other one thing we can have. The meeting at Winchester recently of over 200 good road advocates from various parts of the State to inspect a mile of model road built by the Government, emphasizes the awakening. At this gathering a temporary organization was effected of a State Good Roads Association. The permanent organization will be made at the State Fair in September. Every county should be represented then, and with proper steps great work can be planned and accomplished for good roads.

Such an organization can educate the people to understand what bad roads cost and how well good roads pay. This is the first and most necessary step for nearly half the population of Kentucky is indifferent on the road question from lack of knowledge on this important matter. The next step is to educate the people how to build good roads. At present nine-teen-twentieths of our roads are poorly built, and hundreds of thousands of dollars are squandered in building poor roads simply from the lack of knowledge as to how to build good ones. The Third step is to educate people to be willing to pay for good roads as the very best investment they can make to increase the value of farms, saving in cost of transportation and in vehicles and teams. Along this line comes the proposition to in November, 1909, amend the Constitution so as to have State aid for road building. This will not be voted by the people unless they realize the cost of bad roads and the value of good roads. The counties which have good roads are rich largely because they have good roads, and the counties that are poor are largely so because they have poor roads. State aid will

require rich counties to help the poor ones to have good roads which would otherwise never be able to have them.

By all means let us have a strong and working State organization for good roads.—Ex.

McIntosh-Puckett.

Mr. Robert McIntosh, of Spout Spring, was married to Miss Ida Puckett, of near Irvine, Thursday, August 6th, Eld. J. H. Johnson officiating. Miss Puckett is a daughter of Nelson Puckett. The groom is the youngest son of Elder G. W. McIntosh. Both are very prominent young folks and are receiving congratulations from their many friends.

Clash Between Sheriff and Soldiers.

A serious clash between Sheriff Tom Rhea, of Logan county, and State soldiers stationed at Russellville took place Tuesday when Sheriff Rhea reached Russellville with the negro, Rufus Browder. The Sheriff resented the efforts of the militiamen to surround the prisoner, and when two soldiers climbed on the seat of the carriage, threw them to the ground and the wheels of the vehicle passed over one of the men. After the Sheriff had placed his man in jail, he consented for the soldiers to guard him but said that was all they had a right to do.

Seventh avenue and other important streets of the city will be regraded and put in good condition.

We Want The Orphans.

The Highland Orphans Home at Clay City is ready for the orphan girls in the mountains. It is a large three story brick house, beautifully situated at Clay City. It is owned by the Society of Soul Winners, and supported by good people everywhere. Orphan girls between the ages of five and thirteen, will be received, if eligible. We hope to take the boys later. Before they are sent, we want to know the name, age, health, character, etc., etc. Only those who have neither father or mother will be received at present. We request all those who have any such children to write to Dr. Edward O. Guerrant, Wilmore, Ky. Also will thank all ministers and county officers to give information as to any such children. The Home will clothe, educate and care for these children, for His sake who loves them. There is not a better home in Kentucky. Write at once to Dr. Edward O. Guerrant, Wilmore, Ky.

Circuit Judge Cook created a sensation at Murray Tuesday by instructing the grand jury to investigate reports affecting himself and Commonwealth's Attorney Smith. Judge Cook said reports were being circulated to the effect that he was a member of the night rider organization and he wanted these charges sifted to the bottom.

Political Discrimination.

At every important event it has always been the custom for the railroads to give reduced rates, and the formal notification of Taft's nomination was no exception, but the railroads will give no reduced rates to Bryan's notification so those who attend must pay full fare to the railroads to get there.

You see then the railroads intend to line up for the Republican nominee and do everything possible against the defender of the common people. The railroads are for Taft because they know Bryan and a Democratic Congress will make hard living for them, or at least they will be forced to abide by equal favors with the common people.

This article does not apply to such obliging roads as the L. & E. and L. & A. which does much for the country through which they run. "Uncle" Johnny D. Rockefeller's giant roads are the ones so antagonistic to Bryan and justice.

A Republican said to us recently that, if Taft was elected he would continue to prosecute the trusts and that if Bryan was elected, he would let them fatten. The trusts have been born, grown and fattened under Republican control, and had equal to all legislation been administered there would be no trusts. These laws have not been enforced, and there has not yet been a single trust bursted under Republican control, though they have all been grown under them, and there never will be a trust bursted by them.

The Cincinnati-Tribune of Sunday had a vicious attack on the farmers and their Society of Equity which proves conclusively that this paper is a representative of the trusts and we guess is paid by the American Tobacco

Company for the space.

Such rotten and open foes of the farmers should not be read by any of them. We wish the Tribune which was sent free to hundreds with this article in it, would tell who paid for those extra free copies. The motive is plain for anyone to see.

It has been customary heretofore when a Republican candidate for Congress in this district was defeated he was sent up to Washington where he was fed on pie, but what will Langley do this time. There will be no Republican pie at Washington, and no one to get him a postoffice established or a little job like that. Too bad.

There is not a trust in existence today but what has been brought into the world by father Republican party control. Then if you think it natural for father to kill son you may depend upon the Republican party to kill the trusts.

Word comes from Breathitt that that county will go for Davis for Congress by fully 500 majority. That is enough, he is as good as elected.

John W. Langley will soon be put back to private life with no Republican fathers to keep him up as in the past.

Because they, their attorneys or notary publics made errors in filling out the vouchers and applications nearly 4,000 pensioners in Kentucky will have to wait for their pensions until the mistakes can be rectified. The delays were caused by the substitution of new blank forms by the Government which was intended to simplify matters.

Used occasionally as a dip and spray it will keep the livestock in a healthy and thrifty condition. Hygeno costs less than one cent a gallon when diluted and we can positively say it will cost you more if you do not use Hygeno than it will if you do.
